## Technical specifications

<b>Volume</b>	20 litres (shred bin)
<b>Power</b>	230 V / 50 Hz**
<b>Motor capacity</b>	150 Watt single phase motor

\*\* other voltages available

<b>Dimensions</b>	516 x 345 x 213 mm (H x W x D)
<b>Weight</b>	10.5 kg / 11.5 kg (particle cut)

## Product characteristics

Easy-to use deskside shredder for environmentally conscious users. EASY-Touch multifunction switch element for stand-by / stop (off) / reverse with integrated optical signals for the operational status of the shredder. Photo cell controlled automatic start and stop. Automatic reverse and power cut-off. ZERO ENERGY standby mode: complete, automatic disconnection from power supply after 15 minutes. Transparent safety flap in the feed opening as additional safety element. Quiet, powerful and energy-efficient single phase motor. Double motor protection. High-quality, paper clip proof cutting shafts from special hardened steel with lifetime guarantee. High-quality wooden cabinet. Removable shred bin from impact-resistant plastic with large window showing fill level. 20 litres volume for the shredded material. Magnetic switch for automatic stop if the shred bin is removed from the cabinet (2265 CC).
